# LEADERS IN HEALTHCARE ENGINEERING

*One Stop Solution*

# Profile

**BCAS Biomedical Services Ltd** was formed in 2005 to provide a viable and competitive Managed Equipment Service (MES) to the NHS and Private Healthcare sector. It is now one of the leading service providers with operations across the UK.

We are dedicated to providing innovative and effective solutions for our customers. We focus on strong engineering principles and a sound financial ethos to deliver leading edge Managed Equipment Services (MES).

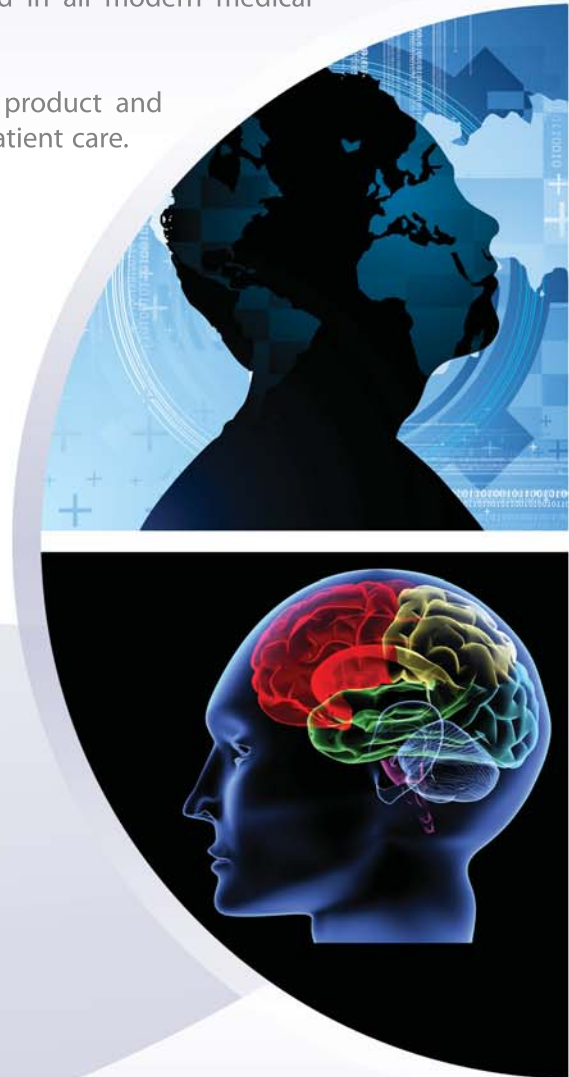

Our flexible maintenance programs provide optimum performance and reduced lifecycle costs for your medical devices. We cover the whole range of medical equipment used in all modern medical environments.

We can provide our customers with a total "One Stop" solution for all product and servicing needs, enabling them to concentrate on their primary roles of patient care.

BCAS Biomed is an ISO 9001:2000 accredited company, and is CIS Registered
